

A REED SOLUTIONS LLC

Government Contracting | Procurement Coordination | Vendor & Subcontractor Management | Logistics Support

CAPABILITY STATEMENT

UEI: H216W834NRY5
CAGE: 201C5

COMPANY OVERVIEW

A Reed Solutions LLC supports public- and private-sector clients by coordinating qualified vendors, subcontractors, procurement activities, logistics, and project delivery. We focus on clear communication, diligent oversight, compliance with project requirements, and efficient execution. Our model allows us to assemble project-specific resources rather than overstate fixed in-house capabilities.

CORE COMPETENCIES

- Prime contract project coordination and administrative oversight
- Vendor and subcontractor sourcing, screening, and coordination
- Procurement support and supplier identification
- Transportation, delivery, and logistics coordination
- Schedule, communication, and fulfillment tracking
- Government and commercial requirement support

DIFFERENTIATORS

- Flexible project-by-project sourcing model
- Focus on qualified partners matched to scope and location
- Nationwide project coordination capability
- Single point of contact for vendor communication and delivery oversight
- Practical logistics and transportation experience
- Compliance-minded documentation and performance tracking

PROJECT DELIVERY MODEL

1. SOURCE

Identify vendors or subcontractors aligned with the solicitation or project scope.

2. VET

Review qualifications, availability, scope fit, and applicable performance requirements.

3. COORDINATE

Manage communication, scheduling, logistics, documentation, and issue resolution.

4. OVERSEE

Track delivery and performance against the contract or client requirements.

NAICS / PSC ALIGNMENT

A Reed Solutions pursues opportunities based on the specific scope of work and uses the applicable NAICS/PSC classification for each procurement. Final codes should match the company's active SAM.gov registration and the individual solicitation; they are intentionally not guessed on this public statement.
